

## MACHINING

FTI's Machine shop has been servicing San Diego for over 30 years. We work with companies such as CocaCola and Costco to maintain and repair their packaging and bottling equipment. Our quick response service team greatly reduces the down time in these factories so they can meet their everyday demands. If you require a custom machined part or have a repair need, we're confident our quality, pricing and quick turn-around time will meet your demands.
