

DEPARTMENT OF DEFENSE

FTI supplies fabricating and repair services to both the U.S. Navy and SPAWAR. Our secured, classified facility is ideally located on the water front with Navy Base access that enables us to build and ship all types of structures of any size to the Navy Base or ship via barge to other Navy Facilities. FTI has performed all types of services from the WSTTT project for SPAWAR to repairs on U.S Navy ships.

Troop Support Containers

Custom Humvee Parts

Classified Projects (WSTTT)
